ITINERARY

- 1 This guided tour of the Victoria Falls rainforest is available in morning and afternoon sessions. Walk around, visit the majestic 'Big Tree' and learn about the history and significance of the Victoria Falls. Experienced guides will share insights into the falls' formation, flora, fauna, and wildlife. For guests staying in Victoria Falls, there is an option of a Zambian Tour of the Falls. The guests will have return transfers from their lodgings in Victoria Falls, across the border, and to the entrance of the Zambian Rain Forest in a private vehicle. When guests arrive, they will be welcomed with a warm welcome by an experienced Zambian Guide who will remain with them during the remainder of the tour. Please keep in mind that the Falls are at their lowest in November and December, and no water may fall on the Zambian side. As a result, this tour is not suggested at this time. On the other hand, guests staying in Livingstone can enjoy a Zimbabwe Tour of the Falls too. Guests requiring a visa for Zambia should have a double entry visa to cover re-entry into Zambia after the tour, and also check visa implications for entry into Zimbabwe. Guests will have a return transfer from their hotels in Livingstone, across the border, and to the start of the Rain Forest. When visitors get to the Zimbabwean side, they will be met by a knowledgeable guide who will be with them for the whole trip.
